

VEERYA

Your unique needs, our custom-built solutions

www.veerya.biz

ABOUT US

Welcome to Veerya Attachments, Manufacture of Buckets & Attachments for Excavators, Skid Steers & Loaders Used in Industries for Construction, Mining, Forestry, Agriculture, Infrastructure, Material Handling Equipment and Landscaping. Our top-of-the-line manufacturing services are designed to cater to the unique needs and versatile requirements of our clients, ensuring that they receive the best solutions for superior performance.

VISION

Our vision is to be the No.1 choice for customized attachments and maintain industry leadership. We aim to be the global leader in delivering innovative, reliable, and high-quality solutions for Construction, Agriculture, Forestry, and material handling.

MISSION

Our mission is to produce affordable, top-quality attachments that enhance our clients' productivity, lower expenses, and manage risks effectively. We are dedicated to providing exceptional performance, fostering enduring partnerships, and driving industry innovation and leadership.

OUR VALUES

Excellence

We are dedicated to continuously improving and setting the highest standards for ourselves.

Customers

We are dedicated to providing them with the highest quality products and services.

Safety

We are committed to ensuring the well-being of our employees and their families.

Community

Our operations aim to generate economic, social, and environmental value.

OUR BUSINESS PROCESS

STEP 1

Sign an NDA / Contract
/ Agreement with us

STEP 2

Send us your RFQ with
drawings and other
relevant details

STEP 3

Our senior engineering
team will evaluate &
prepare cost summary

STEP 4

We prepare the
techno-commercial offer
for your consideration

STEP 5

We receive your order &
forward an order
acceptance

STEP 6

You will receive smooth
updates on your product
development status

STEP 7

You can track your container
as we promise delivery on
agreed logistics terms

STEP 8

We ensure happy and
satisfied clients

ENGINEERING & DESIGN SUPPORT

- Where brilliance in design meets unwavering customer support.
- Our dedicated team of engineers provide a seamless blend of innovation & cost-effectiveness, collaborate & drive your projects forward, create a lasting value and forge a path towards excellence.
- We are on SolidWorks, Autodesk inventor Unigraphics NX & Autodesk Vault Platforms.

- Product design & development.
- Manufacturing & Process Engineering.
- Reverse Engineering(RE).
- Value Engineering (VE).
- Finite Element Analysis (FEA).
- 3D Model development.
- Fixture development & Manufacturing.
- Configuration Management.

CUSTOM BUILT ATTACHMENTS

STEELS WE USE

- Our attachments are built to last in even the harshest field conditions, thanks to our use of wear and abrasion-resistant high-strength steel plates.
- We cater to our customers' specific needs by utilizing a range of high-grade steel alloys and castings, carefully selected for their quality and durability.

The materials we use range from:

- E350, E450, S235, S355 EN grade Structural Steels
- Weldox S690QL
- Hardox HB400®, HB450®, HB 500®
- Bars : EN8D, 25MnCr5, 20CrMo4, 20MnV6, 42CrMo4, 42CrMo4+QT
- Imported High-grade Casted GETs

PLASMA & OXY CUTTING

- Experience our cutting-edge precision technology with our latest plasma & oxy source, boasting an impressive capacity of 1750 tons per month for CNC cutting.
- We proudly offer a state-of-the-art solution that combines power, precision, and performance to meet your manufacturing needs.

- Upto 45 mm Cutting through plasma.
- 45 mm to 300 mm Cutting through Oxy.
- 32 Mtr cutting bed Length.
- Two Messer XD Machines.
- 1750 Tons installed capacity.

CNC SHEET METAL BENDING

- High-Quality Profile Bending Operations at Veerya. We specialize in turning your concepts into reality, no matter how intricate or ambitious.
- Our commitment to excellence drives us to offer a profile bending service beyond bending metal – we shape possibilities.

- CNC program bending operations.
- Progressive bending for Critical profiles.
- Hydraulic bending up to 16mm thickness.
- Sheet metal bending 3 meters in width.

CNC SHEET METAL ROLLING

- Experience the pinnacle of precision and performance with our High Precision Contour Rolling services at Veerya.
- Elevating the art of metal shaping, we specialize in delivering a maximum scoop profile that surpasses expectations.
- Our state-of-the-art CNR rolling machines are your gateway to achieving unparalleled results, even with the most demanding materials e.g. HB 400, 450 & 500.

- Sheet metal rolling up to 3 Mtr width.
- 3 CNC 3 roll machines.

HORIZONTAL MACHINING CENTER H8800

- Our Horizontal Machining Center H 8800, a powerhouse addition to our manufacturing capabilities
- This cutting-edge technology boosts precision and efficiency, ensuring we continue to deliver excellence to our customers.

- Pallet Size: 800 x 800 mm
- Spindle Taper: HSK A 100, BT50
- Axes Traverse: X-1400, Y-1200, Z-1000

CNC & CONVENTIONAL MACHINING

- With CNC precision-turned components, whether a single prototype or a large-scale production, we deliver precision that stands the test of scrutiny.
- Moreover, our expertise extends beyond the confines of modern CNC technology through a harmonious blend of CNC and conventional machines:

- 11 CNC turning centers 300mm Dia up 600 lengths with 10 Micron accuracy.
- 5 CNC vertical milling machines – 4 Axis 1200mm x 600mm
- With 10 Micron accuracy.
- 2 Conventional horizontal boring machines

WELDING

- At Veerya, we don't just meet expectations; we redefine them. We have 44 welding stations and 44 fittings stations, ensuring that our unwavering focus on precision welding results in every product leaving our facility as a testament to the craftsmanship and skill that define your brand.

- We Follow Customer Standards.
- Metal Arc Welding as per DTW 1395 2.
- AWS D1.1/D1.1M:2015 – Structural Welding Code – Steel.
- All Welders are Certified as per AWS D1.1.
- Flux Core Electrode as per AWS A5.20/ ELECTRODE, AWS A5.18, ER70S-3.
- AWS D14.3/D.14.3M:2005 – Specification for Welding – Earthmoving, Construction & Agricultural Equipment.
- In-house CWISP 3.1 Certified Welding Inspector Who Approves Technique Sheets & Welding Methods.

GRIT BLASTING & PAINTING

- We offer customer specific paint schemes and follow customer standards.

- Export grade abrasive blasting process.
- Customer specific paint scheme.
- We use environmental friendly recyclable grits.
- Capable for Epoxy type and Polyurethane paint application.
- Fully Automatic Blasting chamber.
- Weldable primer application as per customer needs.
- Product finish to ISO 8501-1 standard.
- Coating inspection in accordance with ASTM E376-1 & ISO 2808.

QUALITY ASSURANCE

- At Veerya our commitment to quality is a journey, guided by our rigorous 5-Gate Model Quality Assurance approach.
- In our in-house CMM inspection facility, we elevate accuracy to an art form, ensuring that every detail meets the highest standards. Quality isn't just our goal; it's our tradition, meticulously crafted through the lens of our cutting-edge CMM technology.

QUALITY INSPECTIONS:

- Visual Inspections as per EN870.
- Weld Inspection as per ISO 3834-2.
- Customer Specific Inspection.
- Dye Penetrant Test as per ASNT E1417.
- Ultrasonic Test as per ASNT E163.
- Trained and Qualified Inspectors.
- 100% Tractability Management.
- Five Gate Quality Assurance Model.

PDI & PACKAGING

- Our dedication to excel extends to the last detail.
- We understand that the journey doesn't end with production – it continues into packaging & presentation.
- Every meticulously crafted product is carefully nested & thoughtfully placed on euro-type pallets, from steel square box sections.
- These pallets are a sturdy foundation for your products, ensuring safe transport & protection against scratches.

- Our commitment to perfection is reflected in the export grade shrink wrapping that enshrouds each item.

LOGISTICS & SHIPPING

- At Veerya, the trust and confidence of our esteemed customers have propelled us to new heights, enabling us to expand our capacity to an impressive 1750 tons per month.
- We ship over 60 containers each month, a testament to our unwavering commitment to excellence.

We provide affordable and reliable logistic solutions for your orders.

- Tie-tested international logistic network.
- Express clearance of container cargo.
- On-time delivery with real-time tracking.
- Export grade reliable packing.
- We deliver to every significant seaport and airport.
- We ensure the right things at the right speed and the right time.
